

VIRTUAL HOME BUYING SERVICES

Are you looking for your dream home? At Realty Executives, we offer a full range of digital real estate services to help you locate and purchase your next home- right from the comfort of your living room! With help from our experts, you can find the right home at the right price without the hassle of visiting multiple properties. Our virtual services include but are not limited to:

1

Virtual Appointments

Schedule a virtual appointment with our team so we can learn more about you, what you're looking for and how we can help.

2

Listing Alerts

We will email listings that match your wants and needs so you can be the first to view available properties.

3

Virtual Home Tours

After choosing which home you would like to take a closer look at, we will take you on a virtual tour so you can see each space up close. Our Executives are available to video chat as they walk through a home and answer your questions.

4

Signing

All documents can be signed electronically, saving one tree at a time.

5

Delivery of Funds

You will have the option to wire your earnest money or a mobile representative can pick it up- your preference!

6

Home Inspection

Inspection reports will be electronically delivered with full details and photos so you can feel sure of your purchase.

7

Closing!

We can schedule a virtual closing meeting with your title company and lender, and a mobile notary can bring closing documents to your door.

8

You're Home!

We can deliver your new keys to your current home so you are fully prepped for your move-in date.
