LAKE MEAD

Measuring 110-miles long, with a surface area of 274 square miles, the lake has more than 500-miles of shore for the thousands who, each day, boat, swim, water ski, hike and fish it. Access off Interstate 15 in Nevada; U.S. Highways 93 and 95 in Nevada and Arizona. Lake Mead National Recreation Area is located about 30 miles south of Las Vegas via U.S. Highway 93. The lake and surrounding area boasts five developed beaches and marinas with campgrounds and other services, including Overton Beach, Echo Bay, Callville Bay, Las Vegas Bay, Temple Bar and Boulder Beach. Boating of all kinds and personal water craft use are popular within Lake Mead National Recreation Area. Waterskiing is a favorite activity on the broad expanses of open water, along with kayaking and canoeing. Of course, swimming is a major form of water recreation during summer months when lake temperatures warm into the 80-degree range. No lifeguards are present. Fishing enthusiasts can find some excellent sport fishing at Lake Mead, including varieties like largemouth bass, rainbow trout, striped bass, channel catfish, black crappie and bluegill. Only a few designated trails exist in the park, allowing those with experience to go out and explore on their own with the help of detailed maps and instructions to the most popular areas. The designated trails range from 0.5 to 1.25 miles. Short desert hikes lead to places you will never see from a boat or car. One such place is the area of colorful sandstone formations near Red Stone

RED ROCK

The Red Rock Canyon National Conservation Area is located 20 miles west of Las Vegas. Within the boundaries of the 197,000-acre area is a 13-mile scenic drive, many miles of hiking trails, picnic areas and a visitors center with an exhibit room and bookstore.

Red Rock's most significant geological feature is the Keystone Thrust Fault. About 65 million years ago, two of the Earth's crustal plates collided with such force that part of the plate of grey lime stone was thrust up and over the younger red sandstone. The fault extends from the Cottonwood Fault north to the vicinity of La Madre Mountain. The 13-mile scenic drive is a one-way road that also allows bicycle traffic. Sightseeing and hiking trails can be accessed from the parking areas on the side of the road. The scenic drive is open daily from 7 a.m. to 8 p.m. The entry fee is \$5 per carload, and you can also purchase a \$20 pass that will last you 12 months. Entrance is free for those who walk or ride their bicycles through the gate. Golden Age, Golden Access and Golden Eagle Passes are all valid at Red Rock. Bicycles are permitted only on designated roads and trails. The BLM advises cyclists to wear helmets, bright clothing, carry water, obey traffic laws and pay attention to drivers who may be distracted.
